

*Lehigh Valley Chapter
Pennsylvania Society of Professional Engineers*

November 24, 2008

The local engineering enrollment in colleges within the United States is declining compared to other college majors, and yet the aging infrastructure of our communities demands more engineers to keep up with the workload. The Lehigh Valley Chapter of PSPE has an annual program to award a scholarship to qualifying high school students from our area who have been accepted into a college engineering major curriculum. The Lehigh Valley Chapter has established a Scholarship Endowment Fund to increase the annual scholarships available to students to assist with the increasing costs of a college education.

Your contribution will help in the following way:

- Support Lehigh Valley students studying engineering
- Increase the amount of the scholarship to reflect increases in costs
- Gain publicity to encourage more students to apply for a scholarship

You can help honor a local student who has chosen to study one of the many fields of engineering by contributing to this Fund. The local chapter functions only with volunteers and membership dues. This fund is 100% dedicated to providing scholarship money to qualifying students. Please send contributions to:

PSPE Lehigh Valley Chapter
Scholarship Endowment Fund
c/o Angelika Forndran, P.E.
Cowan Associates, Inc
P.O. Box 949
Quakertown, PA 18951-2489

Please use the attached form to make your contribution which is tax-deductible (checks payable to PSPE – LV Chapter Scholarship Fund). A contribution in any amount will gain recognition in the PSPE Lehigh Valley Engineering newsletter, and at the scholarship awards dinner in May, 2009. An amount of \$500 or more will be recognized with **two dinner tickets** to the Awards dinner. An amount of \$1,000 or more will receive special recognition in an article in the Engineer's Week Supplement of the Eastern Pennsylvania Business Journal in February 2010 and an opportunity to name your scholarship.

All contributors will receive a receipt and a notice of the Award Dinner to be held in May, 2009.

This is your opportunity to actively encourage local students to become engineers. Feel free to call me at 215-536-7075, Extension 129, if you wish to discuss this further.

Sincerely yours,

Angelika B. Forndran, P.E.
