

Greg A. Stewart, P.E.
2008 Young Engineer of the Year

The P.S.P.E. Young Engineer of the Year Award recognizes outstanding young engineers based on specific criteria including occupational and professional achievements, civic and political affairs, and engineering and educational affairs.

Greg Stewart is the 2008 P.S.P.E. Young Engineer of the Year. He is employed as a structural engineer by Alfred Benesch & Company, Pottsville, PA. In 2006, he was part of the Benesch team responsible for the Michigan I-94 bridge project which received the Outstanding Project of the Year award from the National Council of Structural Engineers Association. Greg's professional commitments include being a member of the Anthracite Chapter of PSPE, in

which he co-chairs the MATHCOUNTS committee. Greg is also the incoming 2nd Vice President of the North East Penn Section of the American Society of Highway Engineers (ASHE).

In 2007, Greg enrolled in the Schuylkill Executive Leadership Class, demonstrating his commitment to professional growth and leadership. He chairs the committee responsible for maintaining and improving Benesch's work environment as well as coordinating Benesch's community outreach efforts.

Greg often volunteers his time and knowledge for such causes as the William J. Biever Memorial Golf Tournament to benefit the Hawk Mountain Council of Boy Scouts of America and the Memorial Task Force to revitalize the Orwigsburg Community Veterans Memorial Building. Additionally, he is an active member and the incoming Vice President of the Orwigsburg Lions Club.

Greg Stewart is a resident of Orwigsburg and has been employed with Alfred Benesch & Company for over seven years. He earned his Bachelor of Science Degree in Civil Engineering from the Pennsylvania State University in 2000. Congratulations to Greg Stewart, the 2008 P.S.P.E. Young Engineer of the Year!
