**Engineers’ Creed**

As a Professional Engineer, I dedicate my professional knowledge and skill to the advancement and betterment of human welfare.

I pledge:

To give the utmost of performance;
To participate in none but honest enterprise;
To live and work according to the laws of man and the highest standards of professional conduct;
To place service before profit, the honor and standing of the profession before personal advantage, and the public welfare above all other considerations.

In humility and with need for Divine Guidance, I make this pledge.

*Adopted by National Society of Professional Engineers, June 1954*
We proudly congratulate one of our own for her contribution to PSPE leadership, engineering, and the engineering community.

Susan L. Best, PE, F.SWE, F.ITE, F.ASCE
NSPE-PA President 2020-2021

Best wishes for your term as President
SAI launched our public works service with assignments for highway and bridge design and bridge inspection in 1964. Since then, we have earned a reputation for our civil engineering expertise and have since expanded to multiple office locations across Pennsylvania and Florida. SAI offers client-centric services to all of our clients. Whether it is roadways or bridges, SAI provides value and identifies ways to enhance your project’s efficiency while bringing creative design solutions to your transportation expansion or rehabilitation projects.

Glenn D. Stickel, PE, President | 412.392.8785 | gstickel@saiengr.com | www.saiengr.com
Michelle L. HINDS, PE
PSPE 2020 YOUNG ENGINEER OF THE YEAR

PSPE is proud to recognize Michelle L. Hinds, PE, as Young Engineer of the Year. Criteria for selection as PSPE Young Engineer of the Year includes: Be age 35 or under as of January 1; be a Registered Professional Engineer or Engineer in Training; PSPE membership preferred but not required; Scholastic achievements; Technical society activities; Technical papers and patents; Professional society activities; Engineering experience and accomplishments; and Civic and humanitarian activities.

Michelle has a BS in Civil Engineering from the Pennsylvania State University and an MS in Engineering Management from Robert Morris University. She is a registered Professional Engineer in Pennsylvania, Ohio and Florida. Michelle is a Project Manager for Construction Services at SAI Consulting Engineers, Inc. in Pittsburgh, PA. She has been with SAI for 14 years starting as a transportation construction inspector and now providing construction management for heavy highway and bridge projects ranging from $800,000 to $120,000,000. Michelle has provided construction management and inspection services to many clients, including PennDOT, PA Turnpike, Allegheny County Department of Public Works, The Sports and Exhibition Authority, the Allegheny County Airport Authority, Washington County Planning Commission,

Westmoreland County Department of Public Works, City of Pittsburgh, and various other local municipalities. Notable projects Michelle has worked on include the SR 19-A63 project, which involved the SPMT move of the Shaler Street Bridge (she served as scheduler); the SR 601 bridge over the PA Turnpike in Somerset (served as Project Manager); the Lower Hill Redevelopment (former Civic Arena Site) where she served as Project Manager; the South 10th Street Bridge Rehabilitation and the Hulton Bridge Replacement. Michelle also works in conjunction with SAI’s design department building pre-bid construction schedules and performing constructability reviews. Michelle is an active member of WTS Pittsburgh Chapter and the Chartiers Valley Hockey Club. PSPE will celebrate Michelle’s award with her on Friday evening, September 25, 2020, as part of the PSPE 2020 Conference (virtual).
The Pennsylvania Society of Professional Engineers is proud to award Brian L. Schull, PE, PSPE 2020 Engineer of the Year. The PSPE State Engineer of the Year Award publicly recognizes outstanding engineers based on criteria including professional achievements, civic, political, engineering and educational contributions.

Brian is currently Assistant Department Manager in Construction Management with SAI Consulting Engineers in Pittsburgh, PA, where he has been employed for over 30 years. Brian has both his Bachelor and Master of Science Degrees from the University of Pittsburgh.

Brian has managed construction projects for the PA Turnpike, PennDOT, Allegheny County Airport Authority, Urban Redevelopment Authority of Pittsburgh, Allegheny County Sanitary Authority, and the Port Authority of Allegheny County, among others. Before working at SAI, he was employed by PennDOT District 1-0, WS Mocha, and TW Consultants.

Notable Projects include Brookline Boulevard and Rehabilitation, ALCOSAN Customer Service and Training Facility, Summerville at Frick Park Nine Mile Run Land Development, North Baggage Handling System Building, Martin Luther King Jr. East Busway Extension, Pittsburgh International Airport, and Aircraft Rescue Fire Fighting/Training Center.

Brian has been very active with PSPE and the Pittsburgh Chapter. He has held many Chapter positions including:

- 2006 to 2009 - Director
- 2009 to 2010 - Vice-President
- 2010 to 2011 - President Elect
- 2011 to 2012 - President
- 2012 to 2013 - Immediate Past-President
- 2017 to Present - Executive Secretary

Brian has been involved with the Chapter’s Newsletter, MATHCOUNTS, and Awards Committee. He has received the L.W. Hornfleck Dedicated Service Award and the Silvio Lorenzi President’s Gold Star Award.
The PSPE Keystone Northeast Chapter proudly congratulates the following leaders for their hard work and dedication to the profession.

**Michelle L. Hinds, PE**  
PSPE 2020 Young Engineer of the Year

**Michael F. Basta, PE**  
PSPE Immediate Past President

**Marleen A. Troy, PhD, PE**  
Vice President Northeast Region

**Brian L. Schull, PE**

Professional Engineers Conference
July 7, 2021 to July 12, 2021

Philadelphia, Pennsylvania

The 2021 conference is a partnership between NSPE and Pennsylvania Society of Professional Engineers.

This conference is an opportunity for PEs and those on the path to licensure to connect with like-minded professionals, earn continuing education credits, and learn about the profession’s top issues.
